The Union County Committee of the Boys, or Short Hairs, had a love feast this evening on a proposition made by the People's Independent Union Committee to extend the test of the primaries so as to require voters to have voted for Lincoln and Johnson and to extend the hours for keeping open the polls. It being called up F. P. Dann stated that he had been in favor of amending the test and extending the time, as requested, but it was now too late and the Committee could not act on it without upsetting the programme and probably invalidating the election. He then said it was customary, when a prominent member died, for such bodies to adjourn out of respect to his memory. As the Chairman of the Committee, Frank Pixley, had died, if not physically at least politically, of the disease known as too much card, he moved that the Committee adjourn accordingly. The motion was seconded, and Pixley replied quite temperately, characterizing the motion as a cowardly attack on him. The motion was then carried by 14 to 10, and the Committee adjourned in great confusion. Dann then approached Pixley as if to explain, when the latter told him not to speak to him, as he was a coward and puppy, and he would whip him as soon as he was out of the gubernatorial canvass. Outsiders interfered, and in a few seconds half a dozen fights were going on. Pixley made a pass at somebody and carromed on Conroy's nob by mistake. Conroy passed it around. Banning, of the San Francisco Custom House called John P. Wentworth a liar, coward, etc., and plugged Casey. Casey let out his left hand as a fender, and his ring, catching in the corner of Banning's eye, laid open his cheek. Tim McCarthy was at work all the time to separate the various combatants. The police at length arrived—having been called in by outsiders—in strong force, and, the room being cleared, the combatants repaired to the surgeon's office and their homes. At nine o'clock the war was over, and all quiet on Kearny street.—*Sac. Union*, June 1st.

A HIT.—The Grass Valley *Union* of May 26th says:

"A member of the Radical ring says that support of the Congressional Reconstruction policy means an indorsement, of unqualified Negro Suffrage, and that every man who votes at the primaries has this pill to swallow. Well, the pill will be swallowed, that's all. If Longstreet, Wade Hampton, Orr, and other Southern politicians of rebel antecedents can indorse Negro Suffrage, why can not men indorse it who have not "fit," bled and died several times (by particular request) for the "lost cause?" Answer that.

SIGNIFICANT.—The Solano *Press* has the following:

"Among all our exchanges, we do not remember of having seen a journal with the name of either Pixley, Gorham or Fay at the 'mast head' for Governor, while we can count over thirty newspapers which are vigorously advocating the nomination of Bidwell. It seems wholly impossible for thirty newspapers to mistake the urgent and imperative voice of the people. If he is not nominated we shall bear witness to the truthfulness of the oft repeated assertion that, 'the people are to the politicians as clay in the hands of the potter.'"

Yes, that is 'significant;' but what of? We take it to be be significant of the fact that the friends of Gorham and Pixley have better taste—better political judgment—than to so pointedly array themselves and attempt to marshal the people—in opposition to a man who may be nominated and thus entitled to the full party vote.—*Trespass.*

SEWING MACHINE.

Copy of the Report of the Committee of Awards at the Fair of the

AMERICAN INSTITUTE

NEW YORK, 1865.

To the FLORENCE SEWING MACHINE CO. for the Best Family Sewing Machine,

HIGHEST Premium! Gold MEDAL!

REASONS:

1st.—Its simplicity and great range of work.
2d.—The Reversible Feed Motion.
3d.—The perfect finish and substantial manner in which the Machine is made.
4th.—The rapidity of its working and the quality of the work done.
5th.—The self-adjusting Tension.

The Florence was awarded the first and highest premium at the State Fair of California, the only Fair, on the Pacific coast at which any two double thread Sewing Machines were exhibited in competition in 1865.

The Florence received the only premium awarded, by the Mechanic's Institute of San Francisco, in 1864 and 1865, to any Sewing Machine, Sewing Machine Co., or Agent. The claim of a competitor to a medal is without any foundation whatever.

Wherever the Florence has been brought in competition with other Sewing Machines, it has always been declared the best. It is the most simple, the most substantial, the most efficent, and its use is easily learned. Every Machine sold is guaranteed in the full sense of the word.

SEMI-WEEKLY ENQUIRER.

WEDNESDAY, JUNE 5, 1867.

OUR NEW FACTORY.—"Blessed be the man that invented sleep" said a wise man. And blessed be the man that makes sleep easy and healthy say all mankind. H. R. Hildreth is that man. He has dug out of our mountain soil a better material for beds than is now available in the market of the world. It is next to, if not fully equal to curled hair for comfortable, useful and healthful beds. On Little Bear river a mile from Dutch Flat a factory has been built 70 by 30 feet, which is soon to be enlarged to twice its present capacity. Twenty-two men are now employed. The material manufactured is the soap-root (we forget its botanical name), which grows in unlimited quantities in all this region. It is a bulbous root enveloped in a very tough and supple fibre, resembling somewhat the husk of the cocoa-nut in color and appearance, but nearly as tough as whalebone. The roots are dug chiefly by Chinamen, bound in bundles of about a hundred pounds each and brought on poles to the factory. As they can make a dollar and a half or two dollars a day they have lately rushed in with larger quantities than the present capacity of the mill demands, and the market is glutted, and sales have stopped for the present. The first work is to put the roots through a picker, which is run by horse power. The picker is a large cylinder with teeth, running in a concave also filled with teeth, similar to a common threshing machine. This separates the fibres into hair eight or ten inches long, which is placed in a large vat or steamer till it becomes very flexible and is freed from all gummy or glutinous matter. It is then dried on flats in the sun, put through another finer picker turned by a Chinaman; then taken and twisted into ropes as at a common rope walk, then steamed again which sets the curl. The ropes are then bound in bales and are ready for market. The natural color is brown, but if colored black, as it can easily be, it will take an expert to tell it from the best curled hair. But the Eureka Hair Company, have also in town a mattress factory which is supplying this region with beds. An agency has been established in Sacramento and San Francisco, where the new material can be bought at 16 cents a pounds. Several tons have been sent to New York, and the agents there are clamorous for a hundred tons to be shipped forthwith. The present capacity of the factory is limited to about a thousand pounds a day, but the proprietors will be compelled to enlarge just as soon as upholsterers learn the value of the material, and they will be obliged to furnish it the moment the public generally learn the superiority of the Eureka hair over all other available material for beds.

THE poor "*Devil*" who has the doubtful fortune to preside over this establishment, has so much conscience left, that he cannot issue the ENQUIRER without a word of explanation touching its contents. On taking leave of the Editor we informed him that under no circumstances would we obligate ourselves to be responsible for the dignity or decorum of the profession. In our editorial efforts we finally hit upon this device. We first dipped our pen in the electrical current and quite easily produced a paragraph or two. Next we dipped it in the current of "momentous events" and brought forth a paragraph or two more.—We next essayed a dip in the political current, but found it so thick and turbid as to be unable to produce a single intelligible character. By what Devilish Art the Editor manipulates his political paragraphs we shall leav him to explain to his readers.

MAXIMILIAN.—The latest information from Mexico leads to the conclusion that poor Max and other Imperial officers have been shot. It is a great pity that nations cannot be found in sufficient numbers who will graciously stretch out their hands and welcome the unhappy scions of royalty to imperial and kingly honors. That they should lose their heads, in an attempt to wade through blood and slaughter to a throne presents a sad commentary on the governmental degeneracy of the age; on the incapacity of men, of nations to be ruled. Oh cruel time! Oh inexorable fate! Oh obese crowned heads! who in a kind of somnambulic stupor walk amidst the shadows that fringe the governmental forms of a receding age, and know not that the sun of universal liberty is already above the horizon's verge, by the light of which, as it streams eastward, all men, more and more, are reading in characters written by the finger of God on the moral and intellectual constitution of man that he is capable of self-government.

FESTIVAL.—The ladies of the M. E. Church will give a Festival at the Golden Eagle Hall, Saturday evening, June 8th, to which all are invited.

IN TOWN.—After a brief visit to the Bay, Mr. J. T. Staples has arrived in town, accompanied by the music of gentle footsteps.

MEADOW LAKE—CONTINUED.—About 9 o'clock on Wednesday morning last, by the invitation of Mr. Figuire, the worthy Secretary of the Mohawk and Montreal Consolidated Mining Company we started from town in the comfortable sleigh of Mr. Arpin, who had politely placed his conveyance at our disposal, we started for this justly celebrated and rich mine. The works of the Company are located about three miles from town on Old Man Mountain, and was located during the excitement existing at the time of the discovery of mines in the district, by two parties, one, a party of Frenchmen, located it under the name of the Montreal, the other, a party of Americans, under the name of the Mohawk, and after considerable counter-claims the parties agreed to consolidate under the name of the Mohawk and Montreal Gold and Silver Mining Company, and by which it is at present incorporated and known. They have built a very substantial mill-house on the bank of a beautiful sheet of water known as Phœnix Lake, which answers the double purpose of mill and a residence for the workmen and Superintendent of the Company. They commenced the erection of this house last November, which is forty feet wide by eighty long, and is constructed of extra heavy timbers throughout, which were hauled over the snow, an undertaking which could only be successfully accomplished by the greatest industry and most indomitable perseverance. The engine has been put up, together with the battery and stamps, five of which are intended to be run at present, when the Company design removing the present engine and replacing it with one of greater power and run ten stamps. The battery blocks are most substantially placed for the proper workings of the mill, being 12½ feet in length, and imbedded in rock the distance of 9 feet; they are placed upright and are sufficient—25 inches by 4½ feet on the surface—to prevent any jars or springs which might otherwise occur. The stamps weigh 625 pounds each, and are considered ample for all practical purposes. This company has shown great faith in the richness of their mine, which a visit and examination of their rock taken out will convince the most sceptical. The main ledge of the mine is situated about four hundred feet from the site of the mill, and is at present approached by a rough, precipitous route to the almost perpendicular base of the mountain, where a ladder about 67 feet high is placed at an angle of about sixty degrees, leading to the tunnel on the third level. To those who desire to experience a most ecstatic, heavenly feeling, we would recommend taking the ascension of this ladder. After arriving about sixty feet high on the ladder, when the rough, sharp-pointed rocks below you on every side begin to assume a dimness in the distance, and the slender, delicate rungs of the ladder seem to grow "smaller and beautifully less," when you have but six or eight feet to ascend to gain a narrow platform on the side of the terrible looking old mountain, and when you commence to congratulate yourself upon your total abstinence from intoxicating beverages, and your consequent equilibrium, to hear something crack beneath you; to feel that your earthly career is about to close and you have only distinguished yourself by a breakneck and foolhardy excursion up a slender device leading to a slender aperture in the mountain fit only for the eagle to perch, *is* a delightful feeling, and one only to be experienced by an actual experiment. Arriving at the platform (!) at the end of which is situated the tunnel leading to the shaft, you are requested to steady yourself by taking hold of a crow-bar loosely inserted in the outer edge of the rock and walk into the tunnel, a direction, by the by, if you value in the least your healthful condition you will not have repeated. You then arrive at the mouth of the tunnel on the third level, cut through the solid rock five feet by six and a half feet high. In this tunnel they have struck the ledge, as in fact in all the shafts and tunnels run by the company. The first shaft having been sunk directly under, upon the pay ledge, they have adhered to the policy of "sticking to the ledge." At the end of the tunnel and at the bottom of the second shaft they have a large, well defined ledge of six feet wide, which is as far as they have as yet blasted, and as Mr. Chappellett, the Superintentant of the mine, informed us, would average, from $15 00 to $20 00 to the ton, and a great deal go from forty to fifty dollars to the ton. The rock is singular looking, to us, but we do do not pretend to be a judge; not a piece that we looked at but was filled with sulphurets, and considerable of it was streaked with gold; and what we saw we *know* to be the general character of the rock, for we were particular in examining the walls of the tunnel as well as the shaft, and saw in many places the same description of rock as that shown us from a blast made immediately before we arrived at the tunnel. From the tunnel you ascenda ladder through a second shaft a distance of about forty-seven feet, and if possible, steeper than the ladder on the outside, yet one does not experience that delicious sense of gone-in-ativeness in going up the shaft that he does on the outside. Arriving at the top where there is located a house, you ascend in a zigzag way to the top of the mountain where the first shaft was sunk by the company. This shaft, like the other is on the lead, and some excellent rock has been taken out, paying by mill process as high as sixty dollars to the ton. From this point one obtains a splendid view of the Butte mountains, Bear Valley, Meadow Lake, Enterprise hill, and all the various towns and mines in the neighborhood. In descending the mountain on the south-west side, the ledge of the Mohawk and Montreal is plainly seen and can be traced to within a short distance of its base. The loose dirt on the mountain is very rich, as high as ten to sixteen dollars per day has been obtained to the hand, in free gold, by washing the same in pans. This claim is without doubt the richest as well as the best managed in the district, and those who own an interest are lucky indeed, in having not only a rich mine but in possessing the services of a man every way filled to conduct the operations of the company's work. Were it not that anything we might say in relation of the mines fitness of the officers of the Company, we would descant at length upon the experience and attainment of Mr. Chappellett the accomplished gentleman and scientific miner of the mine we have so imperfectly described. He has never failed to procure the very best returns of rock sent to him for crushing during the time he had the Winton mill, in many instances making the rock realize within a fraction, by working process, as much as that obtained by competent Assayers. With the services of such an expert, together with the rich rock obtained from their mine we predict, an independent fortune for all the stockholders of the Mohawk and Montreal.

THE WAY THE FIGHT STANDS.—From recent developments in San Francisco of the action of the Union County Central Committee, Pixley is virtually dead, so far as the Gubernatorial contest is concerned, and Gorham now stands at the head. This is probably as it should be. Pixley, from his erratic nature could never have been relied upon with any confidence as to his settled position, while Gorham, no matter what ill-natured things are circulated to his discredit, is known to be steadfast to the great principles and measures of the Union party. As between the two, Gorham is infinitely superior to Pixley. He has settled principles and can be relied upon by those who are influential in preferring his claims before the people. At any rate, we think Gorham infinitely superior to Pixley in this race, and we believe that the people demonstrate so.

SACRAMENTO PRIMARY.—The Union voters of Sacramento county who believe just government is founded on the consent of the governed: that such consent must be legally expressed through the sacred palladium of the ballot box, held their primaries on Saturday last. The result in the city as compared with the primaries of the Short Hairs clearly indicates that the County Central Committee in refusing to issue the call under Porter's Primary Election Law, misrepresented the wishes of a majority of the Union voters. In the four wards of the city the number of votes polled was 791. At the Conness or Short Hair primaries a much smaller vote was polled. At the first primary for the election of city officers the Short Hairs only polled 295. The Sacramento *Union* maintains that this difference of 407 votes was mainly the result of illegal votes obtained by opening wide the doors for Democrats to "ring in" as good Union voters. The case briefly stated seems to be this. The powers of a County Central Committee are those of form only; for taking preliminary steps for the ascertainment of the will of the people, or the voters they represent. They are conferred by "favor," are accepted as honorary and are revokable at will, and whenever their action would tend to defeat those they claim to represent from a free choice of those who shall represent them as law-makers and in the administration of the government.

ASSEMBLYMAN.—We publish the announcement this morning of Mr. E. S. Yeates, of Colfax, as a candidate for the Assembly. It is useless for us to say anything as to the Radical Unionism of this gentleman as most of the citizens of the County know him. With his Unionism, he is in favor of the people ruling, breaking slates and cliques, and opposed to the Conness faction and for these objects intends to make an open fight.

ALL the principle wire pullers are out of town. The place is rejoicing in a brief spell of quietude and respectability.

RICHMOND is sanguine of the nomination for Treasurer. So is Aubury. Both are extremely populous.

Perry Davis' Vegetable Pain Killer,

As an internal remedy, has no equal. In cases of cholera, summer complaint, dyspepsia, dysentery, Asthma, it cures in one night, by taking it internally, and bathing with it freely. It is the best liniment in America. Its action is like magic, when externally applied to bad sores, scalds, and sprains. For the sick headache and toothache, don't fail to try it. In short, it is a Pain Killer.

PERRY DAVIS' PAIN KILLER.—This medicine has become an article of commerce, a thing no medicine has ever became before. Pain Killer is as much an item in every bale of goods sent to country merchants as tea, coffee, or sugar. This speaks volumes in its favor.—GLENS FALLS MESSENGER. d1.

"JES' SO!"—"EXACTLY!"—Solon Shingle said: they were there "every time." If he felt "owley" in the morning, he took Plantation Bitters: if he felt weary at night he took Plantation Bitters: if he lacked appetite, weak, languid, or mentally oppressed, he took Plantation Bitters and they never failed to set him on his pins square and firm.

After a long research, we are able to present the most pleasant, the most remarkable cure for those horrid nightmare diseases the world has ever produced. Within one year over six hundred and forty thousand persons have taken the Plantation Bitters, and not an instance of complaint has come to our knowledge!

It is a most effectual tonic and agreeable stimulant, suited to all conditions of life.

The report that it relies upon mineral substances for its active properties are wholly false.

The original quality and high standing of these goods will be sustained under every and all circumstances. They have already obtained a sale in every town, village, parish and hamlet among civilized nations. Base imitators try to come as near our name and style as they can, and because a poor article cannot be sold as low as a good one, they find some support from parties who do not care what they sell. THIS valuable preparation, containing in a highly concentrated form all the properties of the Jamaica Ginger, has become one of the most popular domestic remedies for all diseases of the stomach and digestive organs.

It is also an excellent remedy for females who suffer from difficult menstruation, giving almost immediate relief to the spasms that so frequently accompany that period.

It gives immediate relief to Nausea, caused by the riding in a railroad car, or by sea-sickness, or other causes. It is also valuable as an external application for Gout, Rheumatism, Neuralgia, etc.

THIS CELEBRATED INSTITUTE has enjoyed on this coast an uninterrupted success of fourteen years, and has become one of the renowned Hospitals of the age. What the celebrated Lock Hospital is to London, and the no less renowned establishment of Ricord is to Paris, this Institute has become to the Pacific coast. The thousands annually received and cured place it in point of number of patients among the very first of the world and the success of its treatment ranks it second to none.

PRIVATE DISEASES IN MALES and IRREGULARITIES IN FEMALES are the great destroyers of health. They insidiously attack the system and gradually undermine and destroy it; they drive the bloom from the cheek, the lustre from the eye, the strength from the frame; they give to the world puny and diseased offspring, and poison, through successive generations the race of man. The marks can be seen in Scrofula, Consumption, Cripples, the Idiotic, the Paralytic, the Insane, etc.

There is no more terrible scourge to the human race than those diseases arising from the contamination of Venereal Poison. The mildest forms, by retreating to the blood, hold over the afflicted one, the destruction that is liable at any moment to fall and blight—to utterly destroy—all earthly hopes.

MERCURY, recognized as the most fatal medical enemy to man, combining with the Venereal, doubles its dangers. Those who have been treated with that pernicious mineral poison are not cured; the disease has only assumed a new form.

Do not be satisfied with partial cures that leave the poison to crawl through the system, eating its way into the tissues and organs beneath the apparently smooth surface, to burst out in the future with a virulence that will baffle the effects of medicine. WHEN PERFECT CURES can be obtained by consulting a physician whom long practice and thorough investigation into the causes of DISEASES of the URINARY ORGANS enables to determine at once the nature of the disease.

In all cases entrusted to the Doctor's care, PERFECT, SPEEDY and PERMANENT,

Cures are Always Guaranteed.

In syphilis and its adjuncts; Gonnorrhœa and its accompanying diseases; and all diseases of the Bladder, Kidneys, and prostrate; Seminal Weakness Diseases of the Heart and Lungs; Dyspepsia; Indigestion, Impotency; Incipient consumption, and all diseases of the urinary organs, in either sex, cure always warranted, NO PAY REQUIRED, at the

Seminal Weakness or Spermatorrhœa

The young man who experiences that growing weakness in his muscular and menta organization should stop to consider whence it arises. He will find in the weakness of the back, trembling of the limbs, disordered digestion unaccountable failing of the powers of the mind, distaste for society, dread of impending trouble, forebodings of evil, sleeplessness, troubled and lascivious dreams, accompanied by growing deafness, loss of muscular power, and numerous other symptons of disorganization, the positive traces of that most terrible and destructive of all diseases Seminal Weakness—wasting away his powers, destroying his hope of life and manhood, and dragging him along the broken path of his existence towards a premature and loathsome grave. To him who finds his life dribbling out in the discharge of the vital principle of existence in nocturnal and diurnal emissions, the mere cessation of its appearance brings no assurance of relief.

Marriage, that holy office, the safeguard and hope of manhood, brings to such an one no hope of cure, but adds to his misery in the knowledge that he one, who looks to him for so much of her happiness, is a victim to his evil, and an innocent companion of his punishment. He adds to his misery and disorder until hope leaves him. There is no rescue except in proper and skillful treatment. Consult then, at once, a physician whom long practice and careful research has made thoroughly conversant with every phase of the disease. Those who have become the victims of solitary vices, that dreadful, fascinating and destructive habit, which fills thousands o sick-rooms with paralytics and consumptives and hundreds of untimely graves with its misguided victims, should consult, without a moment's delay, one who will sympathize with their sufferings. To such the Doctor would especially address himself, giving to each and all assurance of a PERFECT and PERMANENT CURE, without hindrance to business, change of diet, or fear of exposure.

Do not forget the address. See below.

Important to Females.

When a female is in trouble or afflicted with disease and requires medical or surgical assistance, the enquiry should be, Where is there a physician who is fully competent to administer relief, and whose respectable standing in society recommends him to the confidence of the community? The Doctor understanding how imperatively necessary these requirements are, feels called upon to interpose, and beg the attention of the afflicted to the fact that he has been a Professor of Obstetrics and Female Diseases for twenty years, and is fully qualified to administer in all cases, both medically and surgically, not in a superficial manner, but in as thorough a manner as years of study and practice—both in hospitals and private families—can make, to save them from the hands of the unqualified, unscrupulous and designing. Therefore families can rely upon him as upon a father. All in affliction can find in him one who will feel and sympathize with and befriend them in trouble—one in whose secrecy the utmost confidence can be placed. Consultation by letter or otherwise, FREE. See address below.

THE CELEBRATED FEMALE REMEDIES, compounded from the private prescription of Dr. Young, have now obtained a most extended popularity, and are correctly viewed to be the safest and surest remedies for the complaints for which they are applied. The constantly accruing testimonials of their efficacy declare them to be pre-eminently superior in their action. No lady should be without these Renovating Agents. None genuine unless procured at this office.

PRIVATE MEDICAL AID.

QUICK CURES AND MODERATE CHARGES.

DR. W. K. DOHERTY'S
Private Medical and Surgical Institute

Sacramento Street, below Montgomery, opposite the Pacific Mail Steamship Company's Office. Private entrance on Leidesdorff street, San Francisco.

Established expressly to afford the afflicted sound and scientific medical aid in the treatment and cure of all Private and Chronic Diseases, cases of Secrecy and all Sexual Disorders.

TO THE AFFLICTED.

DR. W. K. DOHERTY returns his sincere thanks to his numerous patients for their patronage, and would take this opportunity to remind them that he continues to consult at his Institute for the cure of chronic diseases of the Lungs, Liver, Kidneys, Digestive and Genito-Urinary Organs, and all private diseases, viz: Syphilis in all its forms, and stages, Seminal Weakness, and all the horrid consequences of self-abuse, Gonorrhœa, Gleet, Strictures, Nocturnal and Diurnal emissions, Sexual Disability, Diseases of the Back and Loins, Inflammation of the Bladder and Kidneys, etc., etc., and he hopes that his long experience and successful practice will continue to ensure him a share of public prtronage. By the practice of many years in Europe and the United States, he is enabled to apply the most efficient and successful remedies against diseases of all kinds. He uses no mercury, charges moderate, treats his patients in a correct and honorable way, and has references from men of known respectability and high standing in society. All parties consulting him by letter or otherwise, will receive the best and gentlest treatment, and implicit secrecy.

DR. DOHERTY would call attention to the following certificates from two of his patients, who, having fully recovered their health, desire to make known their remedial agent. It will be seen their statements are fully authenticated by a Notary Public.

The welfare of society imperiously demand their publicity and they are given more to warn the unwary than to sound the praise of a Physician, of whom hundreds of like cases can be cited during a practice of more than fifteen years.

DR. DOHERTY—Dear Sir: I feel my health so fully restored, that in common gratitude, I believe I should make you some written acknowledgement for your valuable services—particularly as your fee was small for the work performed.

I arrived in this city from the East about one year ago, and was then suffering from an old, case of Gleet, complicated with Stricture. Being a stranger in this city, and believing those Doctors who gave such positive assurances of success were necessarily the best, (some of whom have a large number of titles,) I placed myself in their charge and continued under their treatment until I had lost nearly all hope and a considerable sum of money.

I wish to say now that you are the sixth Doctor I have employed, and the only one that has ever done me any service. My Gleet is wholly cured, the Stricture is all removed, and my general health is better than it has been for years.

In conclusion, I would say to the many unfortunates who require medical advice, if you have any doubt as to whom you may employ, ask Dr. Doherty for my addres and call and see me. (I keep store in this city.) My experience may save you many dollars.

I would also add that in the early stage of my disease I used a large amount of the preparations advertised as an infallible cure for Gonorrhœ, Gleet, etc., but never derived any benefit from them.

I am, Doctor, very truly yours,
L—— H——.

San Francisco, June 16, 1864.
subscibed and sworn to before me, this 21st day of June, A. D. 1864.
[L. S.] A. S. GOULD, Notary Public.

Seminal Weakness—A Sworn-to Certificate of a most Remarkable Cure of Spermatorrhœa.

A desire to benefit humanity, and a feeling of gratitude to Dr. W. K. Doherty, alone induces me to make this statement. For many years I have been afflicted with that fearful disease known as "Spermatorrhœa," or Seminal Weakness, the result of self-abuse, but till 1855 experienced but little trouble or inconvenience. In that year however, I had Seminal Weakness to an alarming extent, which was soon followed by the most alarming symptons as weakness of the back and limbs, pain in the head, dimness of vision, nervousness and general debility. My mind, too, was affected to such an extent as to seriously impair my memory; my ideas were confused and spirits depressed. I was averse to society, had evil forebodings and self-distrust, and was entirely unfitted for any of the duties of life. From 1855 to the summer of 1863, I employed the very best medical talent I could find, and spent several hundred dollars, but in no instance obtained more than temporary relief. I had about concluded there was no relief for me in this world, but seeing Dr. Doherty's advertisement, I thought I would call and see him, as he charged nothing for consultation. I had an interview with Dr. Doherty at his office, in Sacramento street, and his fee for treatment was so reasonable, I determined to try him, though I did not expect much benefit from his treatment. On the 5th of December last I placed myself under his care; in one week I found myself very much improved, and, now, after five weeks' treatment, I feel myself thoroughly cured of all my troubles and in the enjoyment of the best health. Hoping that my experience may be of benefit to others similarly afflicted, I subscribe myself JAMES JOHNSTON.

Subscribed and sworn to before me, this 15th day of January, A. D. 1864.
[L. S.] A. G. RANDALL, Notary Public.

To Females.

When a female is in trouble, or afflicted with diseases as weakness of the back and limbs, pain in the head, dimness of sight, loss of muscular power, palpitation of the heart, irritability, nervousness, extreme urinary difficulties, derangement of digestive functions, general debility, vaginitis, all diseases of the womb, hysteria, sterility, and all other diseases peculiar to females, they should go or write once to the celebrated female doctor, W. K. Doherty, at his Medical Institute, and consult him about their troubles and disease. The Doctor is effecting more cures than any other physician in the State of California. Let no false delicacy prevent you, but apply immediately and save yourself from pain, sufferings and premature death. All Married Ladies whose delicate health or other circumstances prevent an increase in their families should write or call at Dr. W. K. Doherty's Medical Institute, and they will receive every possible relief and help. The Doctor's offices are so arranged that he can be consulted without fear of observation.

To Correspondents.

Patients residing in any part of the State, however distant, who may desire the opinion and advice of Dr. Doherty on their respective cases, and who think proper to submit a written statement of such, in preference to holding a personal interview, are respectfully assured that their communications will be held most sacred, Dr. Doherty takes this opportunity of observing, that all letters are only opened and replied to by himself, and the latter as promptly as possible.

If the case be fully and candidly described, personal communication will be superseded, as instructions for diet, regimen, and the general treatment of the case (including the remedies), will be forwarded without delay, and in such a manner as to convey no purport of the letter or parcel so transmitted. ☞ Consultation at the office FREE. HOPE FOR THE AFFLICTED.—In another part of this paper will be found the advertisement of the celebrated Institute established by Dr. J. C. YOUNG, in 1850. It this age of deceit and charlatanism it is a boon to the suffering to point out to them where they are sure of obtaining the wished for relief and cure. Under the care of the skillful Doctor the sick and troubled can divest themselves of their burdens of pain; lay aside their cross, and secure health and happiness. If you are sick or in trouble, do not hesitate. Read the advertisement and follow the advice. Do not forget the number or the manner of directing your letters. MEDICAL ADVICE.—DR. WM. K. DOHERTY'S Medical and Surgical Institute is becoming a sine quo non to the welfare of our State and health of our citizens; and his rapidly spreading reputation, although it may excite surprise, is but the signal of skill, and follows as the natural result of such a cause. We are personally acquainted with gentlemen who had suffered for years under chronic disease, and who had taken advantage of every available means that promised relief, but without success, until they called upon Dr. Doherty, who, in an incredibly short space of time, has given them entire relief. It is gratifying to announce this fact, because the Dr. is a gentleman who seeks, not by defamation of others to establish his reputation or ruin of another's fame. The Doctor conducts his own Institute in such a manner must be gratifying to all his patients. He examines, advises, and recommends without charge, and the patient, after hearing his terms for treatment, can accept or reject at pleasure. In no case does the Doctor make a charge unless he effects a cure. This he is able to do, because he feels the confidence which long experience has given, and no doubt the consolation which appertain to that confidence. Persons afflicted with either acute or chronic disease, would do well to consult the Doctor; at all events, it can do no harm, as for consultation he asks no fee; nor does he insist on obedience to his advice unless the patient places himself under his care. His offices are on Sacramento street, opposite the Pacific Mail Steamship office.—News

SPECIAL MEDICAL NOTICE.—DR. CHAS. H. TOZER would most respectfully inform the sick and afflicted that his MEDICAL INSTITUTE is at the same place, corner of Kearny and Jackson streets, San Francisco, where he has been established for many years, for the cure of special complaints. Having relinquished my old modes of advertising, which has become so common with all the Quack Doctors of San Francisco, filling up the newspapers with false references, for the purpose of imposing upon strangers. I think it is only necessary to inform those in need of a Physician of long experience and successful practice, that I can be consulted at all business hours, at my Medical Institute, corner of Kearny and Jackson streets, San Francisco.

Ladies suffering from the Whites, Piles, Weakness of the Back, Pain in the Side, Headache, Palpitation of the Heart, Derangement of their Monthly Sickness, and all other diseases, that the Female System is subject to, will find prompt relief by applying to DR. TOZER.

My Female Monthly Pills were never known to fail in giving relief in those cases for which they are recommended. To be obtained only at my office. Price $5 00 with full directions on each Box. Sent by mail or express.

MEDICAL.

FRENCH MEDICAL OFFICE.

DR. JULIEN PERRAULT, Doctor of Medicine of the Faculty of Paris, Graduate of the University Queen's College, and Physician of the St. John Baptiste Society of San Francisco.

DR. PERRAULT has pleasure to inform patients, and others seeking confidential medical advice, that he can be consulted daily at his office, Armory Hall Building, North-East corner Montgomery and Sacramento streets, San Francisco. Rooms No. 9, 10, 11, first floor, up stairs entrance either Montgomery or Sacramento streets.

DR. PERRAULT'S studies have been almost exclusively devoted to the cure of the various forms of Nervous and Physical Debility, the results of injurious habits acquired in youth, which usually terminate in impotence and sterility, and permanently induce all the concomitants of old age. Where a secret infirmity exists involving the happiness of a life and that of others, reason and morality dictate the necessity of its removal, for it is a fact that premature decline of the vigor of manhood; matrimonial unhappiness, compulsory single life, etc., have their sources in causes, the germ of which is planted in early life, and the bitter fruit tasted long afterward; patients, laboring under this complaint, will complain of one or more of the following symptons: Nocturnal Emissions, Pains in the Back and Head, Weakness of Memory and Sight, Discharge from the Uretha on going to stool or making water, the Intellectual Faculties are Weakened, Loss of Memory ensues, Ideas are clouded and there is a disinclination to attend to business, or even to reading, writing or the society of friends, etc. The patient will probably complain of Dizziness, Vertigo, and that sight and Hearing are Weakened and sleep disturbed by dreams, melancholy, sighing, palpitations, faintings, coughs and slow fever; while some have external rheumatic pain, and numbness of the body. Some of the most common symptons are pimples in the face and aching in different parts of the body. Patients suffering from this disease, should apply immediately to Dr. PERRAULT, either in person or by letter as he will guarantee a cure of Seminal Emissions and Impotence in six to eight weeks.

Patients suffering from venereal diseases in any stage Gonorrhea, Gleet, Strictures, Bubo Ulcers, Cutaneous Eruptions, etc., will be treated successfully. All Syphilitic and Mercurial Taints entirely removed from the system.

DR. PERRAULT'S diplomas are in his office, where patients can see for themselves that they are under the care of a regularly educated practitioner. The best references given if required.

Patients suffering under chronic diseases, can call and examine for themselves. We invite investigation; claim not to know everything, nor to cure everybody, but we do claim that in all cases taken under treatment we fulfil our promises. We particularly request those who have tried this boasted doctor, and that advertised physician, till worn out and discouraged, to call upon us.

Low charges and quick cures.

Ladies suffering from any complaint incidental to their sex, can consult the doctor, with the assurance of relief.

Female Monthly Pills.

DR. PERRAULT is the only agent in California for DR. BIOT'S Female Monthly Pills. Their immense sale has established their reputation as a female remedy, unapproached, and far in advance of every other remedy for suppressions and irregularities, and other obstructions in females. On the receipt of five dollars, these Pills will be sent by mail or express to any part of the world, secure from curiosity or damage.

Persons at a distance can be cured at home, by addressing a letter to Dr. PERRAULT, corner of Sacramento and Montgomery streets, Rooms, 10 and 11, or Box 973, P. O., San Francisco, stating the case as minutely as possible, general habits of living, occupation, etc., etc.

MEDICAL.

DR. CHAS. H. TOZER'S

PRIVATE MEDICAL INSTITUTE,

N. E. Corner of Kearny and Jackson Streets,
SAN FRANCISCO.

The Great Eradicator of Special complaints, formerly of Locke Hospital, London, Eight Years in Sacramento, and the last Four Years in San Francisco.

DR. TOZER'S

Experience is of forty year's standing, and during that time he has met with unparalleled success in the treatment of all those diseases generally known as Venereal or Chronic.

It is impossible here to mention all the diseases with which he is familiar; some, perhaps, will not be out of place. The most formidable, the most destructive to mankind is Self-Abuse. The brain being the seat of the disease, the whole system suffers in consequence. I will here enumerate some of the symptoms, so that those afflicted may be able to form an opinion in regard to their complaints and seek advice in time, thereby saving themselves a world of suffering: Nervous Debility, Loss of Memory, Pain in the Limbs and Back, Palpitation of the Heart, Trembling of the limbs, Headache and an aversion to general society, especially that of females. There are a great many more, but these are sufficient, and should you be suffering from any of them, call on Dr TOZER, and he will cure you in a short time, without any interruption to your business—or state your case by letter, and there will be no occasion for your calling at the office.

Stricture of the Urethra

Is another formidable enemy to health. Send for one of my circulars on that disease, and inform yourself of its terrible results. The worst cases cured in a few days.

Venereal Diseases,

In all their various forms, either Primary, Secondary or Hereditary, completely eradicated from the system. Your constitution being restored to perfect health, there will be no danger of handing down to your children that terrible disease known as Scrofula

Syphilitic Disease,

As it presents itself on this coast, is of a more formidable character than that seen in the Atlantic States or Europe, arising from the fact of its being a compound of Spanish, Chinese and Sandwich Island disease. Those of you who have visited the two countries no doubt have seen the dreadful effects of it on the native and foreign population. It requires altogether different modes of treatment.

The Old Formulas

Of Ricord, Acton and Bostwick, are of little account, except to dry up the disease on the surface, leaving the poison in the blood, which, sooner or later, will show itself as a secondary disease in an aggravated form. These facts I have learned by experience, and think I can say without boasting, that I have seen more practice in these diseases than any other physician in San Francisco, dating, as it does, from 1849. It becomes you, therefore, to think well before you employ a physician. Who is the proper one to consult? An old experienced one, or one who has recently settled among you?

My plan is purely vegetable, destroying the disease and purifying the blood so that there is no danger of secondary symptoms.

Rheumatism, Neuralgia,

And diseases arising from the use of Mercury, such as pains in the skin bones, swellings of the different joints of the body, running sores, etc., and impurities of the blood, cured in a short time by the use of my VEGETABLE MIXTURES, known only to myself.

Seminal Weakness.

Should you be afflicted with any of the following symptoms, such as weakness of the Back and Limbs Pain in the Head, Dimness of Vision, Nervousness and General Debility, Loss of Memory, Confusion of Ideas, and Depression of Spirits, Evil Forboding, Self-distrust, and an aversion to society, consult DR. TOZER at once, and he will restore you to perfect health.

To Females.

When you are afflicted with Weakness of the Back and Limbs, Head, Loss of Muscular Power, Palpitation of the Heart, Irritability, Nervousness, Extreme Urinary Difficulties, Derangement of the Monthly Sickness, Sterility, and other diseases peculiar to females, consult DR. TOZER, and you will receive particular attention. Let no false delicacy prevent you, but apply at once, and save yourself from painful suffering and premature death.

My rooms are so arranged that there is no danger of exposure, and of meeting any one save the Doctor

My FEMALE MONTHLY PILLS were never known to fail in giving relief in those cases for which they are recommended. To be obtained only at my office.

Price, FIVE DOLLARS—with full directions on each Box. Sent by Mail or Express.

To Correspondents.

Patients of either sex, residing in any part of the country, however distant, who may desire the opinion and advice of DR. TOZER, can, by submitting a written statement of their case to the Doctor, receive all the attention and medicines necessary to affect a cure without the necessity of a personal interview.

All letters strictly confidential, opened and replied to by the Doctor himself.

A Grateful Acknowledgement to Skillful Gentlemen.

SAN FRANCISCO, June 1, 1866.

Dr. Chas. H. Tozer:—Dear Sir: You will excuse me for not writing to you sooner. You will please remember me as the individual who called on you for assistance about a year ago. The roof of my mouth had completely rotted out, and my palate dropped and there remained, stopping up the passage so that I could hardly eat. You remember you cut it out at once, which relieved me immediately, and I was enabled to swallow my food, and in a short time began to improve. I took your medicine, and followed your directions for several months. You finally succeeded in stopping the disease, saving my nose and upper lip, though you frequently cautioned me about losing it. I continued to improve until you finally recommended me to go into the country, and before going, by your advice, I had a cast taken of my mouth, in order that I could have a plate made for me to enable me to speak so as to be understood, and am now using it. My eternal thanks are due to you for the perseverance and skill that you displayed in my case; and I have to thank you for my restored health, and even my life, as I was very near bleeding to death several times from the nose. I am now in Sacramento City, enjoying good health, and I shall recommend all my friends to call on you should they be so unfortunate as to require assistance; and I would advise all persons to avoid certain scientific doctors in your city, for they will send them to a land from whence no traveler returns.

With my best wishes for the success of both of you, I remain, yours, etc., S. S. T.
